

500

S.99

A black and white photograph of an archaeological site. The foreground shows a large, roughly circular area of light-colored, sandy soil. Within this area, there is a mosaic of irregularly shaped stones. The stones are of various sizes and are set in a light-colored mortar. The mosaic is partially obscured by the surrounding soil. In the background, there is a wall made of larger, rounded stones. A scale bar with alternating black and white segments is positioned horizontally in the lower right quadrant. Two small white labels with black text are placed above the scale bar. The top label reads 'S.85' and the bottom label reads '346'.
